

Tell & Spell Levels 1 to 6

There are 2,000 words across 6 levels in the Tell & Spell series. Pupils can start at a level that matches their current abilities and move to a higher level as they make progress.

How it works.

Pupils are given 4 pieces of information on each word covering the areas of vocabulary, work knowledge and spelling. For example, in **Level 1** pupils are told that the word is an **Action word**, has **3 letters**, the **first letter** of the word is **F**, and that the **meaning** of the word is '*to move through the air like a bird*'.

Action word	3	F	<i>to move through the air like a bird</i>	fly
-------------	---	---	--	-----

They must discuss and evaluate the information and come up with the answer **fly** and spell it correctly.

Levels 2 to 6 introduce pupils to nouns, verbs, adjectives, adverbs and more challenging words.

For example, in **Level 3** pupils are told that the word is a **Verb**, has **5 letters**, the **first letter** of the word is **B**, and that the **meaning** of the word is '*to put the onus on someone else; to point the finger at*'.

Verb	5	B	<i>to put the onus on someone else; to point the finger at</i>	blame
------	---	---	--	-------

They must discuss and evaluate the information and come up with the answer **blame** and spell it correctly.

In **Level 6** for example, the word is an **Adjective**, has **9 letters**, the **first letter** of the word is **T**, and that the **meaning** of the word is '*lasting for a short time; not permanent*'.

Adjective	9	T	<i>lasting for a short time; not permanent</i>	temporary
-----------	---	---	--	-----------

Pupils must discuss and evaluate the information and come up with the answer **temporary** and spell it correctly.
